

**Painting/Sculpture/Prints**

JANUARY 13 - MARCH 15, 2020  
CHURCH OF THE HEAVENLY REST

*Spirit* can mean, among other things, an animating force or immaterial essence. *Creation* can be the act of making something or the totality of the universe itself. The paintings, prints, and sculpture in this exhibition reflect a diversity of concept and technique from exuberantly expressed abstraction to tightly rendered observation. The artists range in age from brash 20-somethings to galloping septuagenarians. All the work rides an energy that engages, propels, lifts, and delights.
